Buyer Intro — How I work with buyers in EPA [\[CREATE\]](#)

HeyGen or self-record · used in: New Leads D1/D4 · Buyer D3

“Hey, it's Graeham. So you're thinking about buying around East Palo Alto. Here's basically how I help: we figure out what you're actually after, I keep an eye on everything coming up so you're not refreshing Zillow all day, and when something good shows up we go check it out. I'll walk you through the confusing parts so you're never guessing. If you want to talk it through, just text me.”

Seller Intro — How I work with sellers in EPA [\[CREATE\]](#)

HeyGen or self-record · used in: New Leads D4 · Seller intro

“Hey, it's Graeham. So you're thinking about selling. First thing I'd do is find out what your place is actually worth right now, then put a plan together to get you the most for it and take the busywork off your plate. You'll always know what's going on. If you want to see what that'd look like, just shoot me a text.”

How I sell homes for top dollar [\[CREATE\]](#)

HeyGen or self-record · used in: Seller D5

“Hey, it's Graeham. Quick thought on getting the most when you sell. Honestly it mostly comes down to pricing it smart, making it look great before it goes up, and getting it in front of the right buyers. That's what gets people bidding it up. If you're curious what that'd mean for your place, text me and I'll show you.”

Buyer Consultation Prep — what to expect [\[CREATE\]](#)

HeyGen or self-record · used in: Buyer (appt scheduled)

“Hey, it's Graeham. Glad we're talking soon. Don't worry about prepping anything, we're just gonna chat about what you're looking for, when you want to move, and whatever questions you've got. Bring whatever's on your mind and we'll go from there.”

Seller Appointment Prep — what to expect [\[CREATE\]](#)

HeyGen or self-record · used in: Seller (appt scheduled)

“Hey, it's Graeham. Good to be meeting up soon. All we're doing is going over what your home could sell for and what it'd take to get it ready. Bring any questions about price or timing. See you then.”

Inspection Process Explainer [\[CREATE\]](#)

HeyGen or self-record · used in: Buyer D14 (in escrow)

“Hey, it's Graeham. We're heading into inspections, so here's what actually happens so you're not stressing. We get a pro to look the place over, we go through whatever they find together, and if something's worth bringing up with the seller, we do. Totally normal part of this, and I've got you the whole way. Questions, just text me.”

Closing Day Explainer — what closing looks like [\[CREATE\]](#)

HeyGen or self-record · used in: Buyer / Seller (day before COE)

“Hey, it's Graeham. Closing's almost here, so here's how the day goes. You sign some stuff, the money moves, and once it's official the keys are yours. I'll tell you exactly when and where, and I'll be right there with you. Almost done, this is the fun part.”

Referral Request [\[CREATE\]](#)

Static / self-record · used in: Past Buyers/Sellers M6 & M12

“Hey, it's Graeham, hope you're doing good. Little favor: if anyone you know is thinking about buying or selling, send them my way. Most of the people I work with come from friends passing my name along, and it honestly means a lot. Thanks.”
